BUSINESS IMPROVEMENT
ASSOCIATION

ABOUT US ABOUT US ABOUT US ABOUT US

The Newton Business Improvement Association is a group of approximately 530 businesses and property owners who are passionate about improving the Newton Town Centre.

Located in the heart of Surrey on the cross roads of 72 Avenue and King George Boulevard. The Newton BIA was created in 2014, taking a leadership role to revitalize the area. The BIA brings business members, grassroots organizations, community stakeholders and government together with a focus on the four pillars of **Safety**, **Area Enhancement**, **Marketing/Events** and **Government Relations**.

The Newton BIA receives a levy from property taxes, which is collected by the City of Surrey. The BIA is governed by a volunteer Board of Directors, consisting of a diverse selection of businesses and property owners representing all regions within the boundary.

The approval of the Newton BIA was implemented through business consultation and a council initiative. Governance of the association is regulated by the constitution and a set of bylaws.

EXECUTIVE SUMMARY

2022 has been a year of recovery and resiliency. The health crisis has reached a new phase, as we learn to live with the reality of the virus becoming endemic.

Businesses have always adapted to their ever changing environment and the pace of change seems to be quickening. The global economy is grappling with record high inflation causing interest rates to continue to rise, making borrowing more expensive. The war on Ukraine has made things worse and the supply chain has slowed to a crawl.

Affordability is now the main political talking point, as families struggle to make ends meet. Housing costs, gas and food prices are forcing families to choose between basic needs. Businesses continue to struggle to find new employees, causing expenses to increase, while still facing the impact of Covid-19.

In addition, the untenable street issues and crime plaguing communities across the province continues to worsen. The vulnerable

population suffers from addiction, mental health and homelessness in every corner of our community. We need a commitment to support core funding that will mitigate main street issues through supportive housing, wrap around services, & increased policing resources.

While these are big issues that require commitment and funding from all levels of government; the Newton BIA is focused on building community. Car Free Day in June was the association's biggest event to date with over 10,000 attendees. In addition, the new street furniture along 137th Street has been installed with resounding success. After a two year hiatus The State of Newton and Spooktacular Newton are making a triumphant return this fall. Surrey is growing faster and faster and with that, comes opportunity!

Investment is happening all over the city. New businesses are opening in every town center with employment opportunities. Another election cycle rolls through, and the community is demanding that we move Surrey forward.
